# Porcelain Paving

Elliotts is one of Hampshire's leading supplier of Vitripiazza® Porcelain. Designed with luxury and quality in mind, Vitripiazza® offers an impressive collection of vitrified porcelain paving and porcelain wall cladding.

Offering something for all styles, needs and budgets, our range of Italian-inspired porcelain is the perfect, low maintenance solution for any landscaping project.

Bellezza Lite Range

**Hard wearing, Italian inspired luxury**

Cava Quartz Range

## Reasons to choose Porcelain Paving

-  **Slip Resistant**  
Resistant to salt, acid, algae, mould and frost
-  **Strong & Hardwearing**  
For complete safety and peace of mind.
-  **Verified Porcelain**  
Each individual flagstone offers a varied, natural colour blend.
-  **Highly Stain Resistant**  
Low porosity means flagstones are easy to clean and highly resistant to staining.
-  **Extensive Range**  
13 Collections & 60 Colours. Plus the option of interior stones to bring the outside in.

**Stocked & available at [elliotts.uk](http://elliotts.uk)**

**See the Porcelain collection by heading to your nearest Elliotts branch, or shop at [elliotts.uk](http://elliotts.uk)**

# Porcelain Paving

by Vitripiazza®

Elliotts customers choose this collection for its timeless and durable benefits, transforming their outdoor living spaces.

With 13 beautiful collections offering multiple finishes, textures and colourways – there will be a design solution to meet your requirements.

Visit us in branch today, or shop at [elliotts.uk](http://elliotts.uk)

What's more, all our porcelain tiles are vitrified meaning a low water absorption of less than 0.5% which will help to prevent build up of moss or algae – making them a hardworking option for every installation.

# Utility Paving

by Marshalls

Marshalls have been supplying paving solutions for as long as Elliotts have been helping builders to build, since the 1890's! So their expertise in utility, garden and block paving is second to none.

Hardwearing, durable flagstones give a valuable and long-lasting option for any outdoor space, transforming the aesthetics, and in many cases adding value to property.

Whatever your budget, our landscaping experts can advise on which utility paving option from the Marshalls collection will be best suited for your project and budget.

# Block Paving

Block paving is increasingly becoming the preferred choice of material for many of our customers, to create areas of hard standing and roadways for both domestic and commercial projects.

Permeable block paving not only offers aesthetic appeal but also provides important health and safety, sustainability and flood resistance credentials.

# Concrete Paving

by Bradstone

Supremely hard-wearing and available in multiple styles and colours, concrete paving from Bradstone is a wonderful choice for adding practical flair to your garden, patio or driveway.

Known for its durability, Bradstone recommends concrete paving slabs for creating a long-lasting, beautiful outdoor space.

Colours are as varied as textures: mix midnight grey and silver for a stunning modern effect, or consider reds, beiges and natural stone effects for a more traditional feel. There are many options to choose from in your local Elliotts branch.

# Composite Decking

Elliotts are proud to work with Millboard who are pioneers in outdoor living technology and products. Their composite collection offers the finest wood-look finish.

Each individual board is hand-moulded and boasts a refined timber grain that mimics real timbers but is engineered with extreme durability in mind.

Enhanced Grain

Visit us in branch today to see our Millboard Decking collection for yourself – or shop now at [elliotts.uk](http://elliotts.uk)

# Composite Decking

By Millboard

Composite decking and cladding have become increasingly popular in recent years, and for good reason.

Made from a combination of wood fibres and recycled plastic, composite materials offer a range of advantages over traditional timber products. Not only are they durable and long-lasting, but they are also low maintenance, eco-friendly, and aesthetically pleasing.

Speak to an expert in branch about Millboard composite decking or shop the range online.

# Composite Decking

By Trex

Composite decking has come a long way in the last 10 years from looking like plastic to looking so identical to authentic timber decks that it can sometimes be hard to tell the difference.

Made from a combination of wood fibers and recycled plastic composite materials offer a range of advantages over traditional timber products. Not only are they durable and long-lasting, but they are also extremely low maintenance, eco-friendly and aesthetically pleasing.

Elliotts work with the leading brands of composite decking in the UK to give our customers the widest range of finishes to compliment any outdoor space.

Visit us in branch today to see our Trex collection for yourself – or shop now at [elliotts.uk](http://elliotts.uk)

Imagine a decking that won't fade, stain, rot or split!

Enhance - Toasted Sand

Our high performance composite deck boards from Trex are a popular choice with our customers as they are engineered to resist fading, scratches and stains. Trex were the first company to combine the durability of recycled plastic with the natural beauty of reclaimed timber so you can be rest assured that this collection will stand the test of time. What's more, installation is easy with our grooved-edge boards offering a screw-free premium finish.

## Enhance ★★☆☆

Pair the beauty of wood with the ease of composite, at the right price and with easy maintenance. Available in seven streaked and monochromatic colours. Backed by a 25-Year Limited Residential Warranty.

# Exterior Cladding

Exterior cladding is fast becoming the most popular exterior finish in the UK, and Millboard offer one of the most superior options in the market. Whether you are transforming a residential home or creating a striking commercial space, this stunning collection available at Elliotts combines aesthetics and performance for a first class finish to every property.

Millboard composite cladding is 100% wood-free, so it doesn't need sealing to prevent moisture ingress, giving it maximum durability for all weather conditions.

The Board & Batten composite cladding profile that we stock in branch has been moulded from real oak masters with different widths and grain patterns, creating a unique balance for both contemporary and traditional designs.

Board & Batten Range

Envello Range

## Reasons to choose Millboard cladding

-  **Strong & Durable**  
Resistant to scratches and stains, and will not split, rot or harbour insects
-  **Fire Rated**  
Board & Batten+ is fire rated for added assurance and quality
-  **UV Stability**  
UV stabilised for better performance and fade resistance over time
-  **Moisture resistant**  
A non-porous composition means no sealing is required
-  **Easy to install**  
No specialist tools required. Envello can be cut and installed in same way as traditional timber
-  **Beautiful**  
Skillfully moulded by hand and authentically coloured, replicating timber in the most realistic way

**Stocked & available at**  
**elliotts.uk**

**Visit us in branch today to see our Millboard Cladding collection for yourself – or shop now at [elliotts.uk](http://elliotts.uk)**

# Exterior Cladding

By Millboard

Millboard is the perfect material for cladding use; its fade-resistant coating enables the product to retain its good looks throughout its lifespan. The dual-tone surface layer is hand tinted to improve resistance to sun damage and fading, plus it will not split, rot or harbour insects like timber does.

The Board & Batten composite cladding profile that we stock in branch has been moulded with different widths and grain patterns, creating a unique balance for both contemporary and traditional designs.

What's more this Board & Batten range is fire rated to Euroclass D (BS EN 13501-1) for added assurance and quality.

**Speak to an expert in branch about Millboard exterior cladding or shop the full range online.**

Smoked Oak

The Board & Batten composite cladding profile has been moulded from real oak masters with different widths and grain patterns, creating a unique balance for both contemporary and traditional designs. With a tongue and groove profile that only requires fixings through the tongue, ensuring the fixing is hidden.

## Board & Batten

The profiles on the Board & Batten+ are designed with differing angles to create shadow definition between the grain patterns, as well as facilitating drainage when used horizontally.

### Colours:

## Envello

Envello Cladding is a rainscreen cladding system which can be described as 'A wall comprising an outer skin of cladding boards and an airtight insulated backing wall separated by a ventilated cavity.'

# Exterior Finishes

by K Rend

Elliotts are proud to work in partnership with K Rend, the UK's leading render manufacturer in the UK and Ireland. We stock a wide range of their BBA and NSAI approved products providing textures and finishes to suit the style and needs of your property.

Their products are rigorously tested and verified, ensuring you have a quality, high performing solution for your exterior project.

From silicone and spray renders, basecoats and primers, through to the tools and accessories to ensure the highest quality application. We have a comprehensive range of K Rend products to help you.

## Reasons to choose K Rend

Water Repellent

Fine Texture

Colour Range

Hand / Machine Applied

Shop now at [elliotts.uk](http://elliotts.uk) or call our team to discuss your project.

K Rend is a coloured render which goes on the outside walls of your house instead of sand, cement & paint or bricks. The colour pigment is within the render meaning you don't have to paint it.

## K Mono

K Mono is a monocouche render, designed for use with render spray machines. It acts as a one coat / one pass finish over most moderate to low strength brick and block work, providing a labour-saving and cost-effective solution due to reduced application times.

## Silicone FT

K Rend Silicone FT incorporates silicone technology and provides a fine texture finish. Ideal for hand application.

## K1 Spray

K1 Spray can be used with most render spray machines. It is ideal for larger projects where the speed of machine application can offer time saving benefits. Also suitable for hand application.

# Decorative Aggregates

By Long Rake Spar

Long Rake Spar was established in 1867 with over 150 years' experience in providing the most extensive range of specialised, decorative aggregates here in the UK.

The choice of aggregate will be dependant upon its application – whether it's for transforming a driveway, creating a stable pathway, showcasing a water feature, rockery or garden pond, or using a combination of chippings, pebbles, cobbles and boulders to complete landscaped beds and borders.

These natural materials are low maintenance, affordable and easy to lay in your chosen area, whether that's commercial or residential.

Visit us in branch today to see our Aggregates collection for yourself – or shop now at [elliotts.uk](http://elliotts.uk)

Polar Ice

# Landscaping Fabric

By Growtivation™

A high-quality fabric is every landscapers essential in suppressing weed growth while allowing water and nutrients to pass through to the soil to promote healthy plant growth.

Our landscaping fabrics are made from durable materials that can withstand the demands of any landscaping project.

Click & Collect today at [elliotts.uk](http://elliotts.uk) or visit us in branch.

Whether you're creating a new garden or renovating an existing one, our landscaping fabrics will ensure your plants thrive and your project is a success.

## Weed Control Fabric

Weedtex is a standard duty weed control fabric offering very effective weed suppression for many different applications.

Weedtex allows nutrients (including liquid feed and fertilisers), water and air into the soil to maintain its goodness and promote plant growth, whilst preventing weeds getting the daylight they need to grow.

Available in: • 1m x 15m • 2m x 25m

### Ideal for

Decking

Flower Borders

Planting

## Landscape Fabric

Landtex professional landscape fabric is a thicker alternative to Weedtex weed control fabric, providing heavy duty weed control in most types of landscape projects.

Landtex is an eco-friendly weed control solution as it effectively suppresses weeds.

Available in: • 1m x 15m • 2m x 25m

### Ideal for

Manufactured from recycled polypropylene, ACO HexDrain® Brickslot is suitable for pedestrian and vehicle traffic up to Load Class A 15.

# Top Soil & Bark

By Holm Products

Our range of top soil is high grade, easy to work and suitable for all round garden use. High in micro-organisms and organic matter, our topsoil provides the nutrients and structure needed for plants to grow healthy roots and to promote successful growing.

Our peat-free and naturally acidic bark is perfect for mulching large areas of ground, with particles ranging between 15mm and 35mm. Produced organically from sustainably produced conifer bark it acts as a great weed suppressant and helps to retain moisture.

**Click & Collect today at [elliotts.uk](http://elliotts.uk), visit us in branch or arrange delivery direct to your site.**

High in micro-organisms and organic matter, these products provide all the nutrients and structure needed for plants to grow healthy roots and to promote successful growing.
